# Protect Your Business From Threats 24/7

## Cyber Security Incident Response Service

DigitalXRAID's Incident Response Service is essential for businesses seeking to safeguard their operational digital assets around the clock.

You want to boost incident response, defuse active breaches and bolster ongoing digital security. Our cyber security incident response service does exactly that. The service ensures your business is prepared to respond effectively and efficiently to any cybersecurity threat.

DigitalXRAID's Incident Response Service quickly isolates and remediates attacks, meeting all of your data protection regulations. Our team is highly experienced in analysing threats, containing them, and recovering from them. Years of expertise in major security breaches, data loss, theft and fraud means we know exactly what to look for - and what to do about it.

Once we've explored your system in depth we'll be able to spring into action whenever you need us, acting on your behalf to stop threats before they affect your bottom line or ruin your reputation. Your business will safely recover with as little damage as possible.

### DigitalXRAID is a CIR Level 2 Assured Service Provider, awarded by CREST & NCSC

DigitalXRAID's certification by CREST and the NCSC as a CIR Level 2 Assured Service Provider is more than a badge of honour; it's a promise to its clients that they are protected by some of the most rigorous standards in the industry.

# Protect Your Business From Threats 24/7

## Benefits of DigitalXRAID's Incident Response Service

We'll work alongside your IT people to identify incidents, analyse them, contain them and eradicate them so you can get back to business.

- **24/7 Protection:** Cyber threats don't adhere to a 9-5 schedule, and neither do we. Our SOC team provides round-the-clock surveillance and response, ensuring your business is protected at all times.
- **Expert Team:** Our analysts are not only highly skilled but also hold prestigious accreditations, guaranteeing you're in safe hands. They leverage the latest technologies and methodologies to identify and counteract threats before they escalate.
- **Tailored Solutions:** Understanding that no two businesses are the same, we offer customised incident response plans that align with your specific needs and risk profile, ensuring optimal protection.
- **Minimised Downtime:** Swift and effective response limits operational disruptions, ensuring your business continues to run smoothly even in the face of cyber threats.
- **Cost Reduction:** By preventing or quickly mitigating cyberattacks, our service helps avoid the steep costs associated with data breaches, including fines, legal fees, and reputational damage.
- **Peace of Mind:** Knowing that your cybersecurity is in the hands of experts allows you to focus on what you do best – running your business.

**DigitalXRAID is a CIR Level 2 Assured Service  
Provider, awarded by CREST & NCSC**

## Expert Knowledge

Our cyber security experts are some of the best in the business. We'll safeguard your digital assets and protect you against active threats against your business

## The Personal Touch

Here at DigitalXRAID, we understand that no two companies are the same. With our dedicated, fully tailored service, we'll provide you with the best possible cyber security programme for your business. Our goal is to be an extension of your team.

## 24 Hour Protection

Cyber criminals don't sleep, so neither do we. Our Incident Response Service provides round-the-clock protection, 365 days-a-year.

## Peace of Mind

When you choose DigitalXRAID, you're choosing the best. With our government accredited, industry-leading service, you'll have the peace of mind that your digital assets are in the safest possible hands.

## The Hive: Threat Intelligence

DigitalXRAID's CTI specialists are fed data from the entire internet, every day, to map out adversaries and their infrastructure. This gives them greater visibility into the hidden sites where cybercriminals instigate their attacks and enhances threat protection.

## Flexibility & Customer First

DigitalXRAID's mission is to ensure our clients understand the security risks that face their organisation. We deliver exceptional customer service and leave our customers better educated, more secure and less exposed to cyberattacks. We don't sleep, so our customers can.

# Proud to be Highly Certified as Cyber Experts

At DigitalXRAID, we specialise in providing cutting-edge, market-leading cyber security solutions. We're experts in our field, and our skills and experience are backed up by our extensive awards and certifications. We're serious about security and compliance and have some of the finest security professionals in the country.

## Our Highly Skilled Team

The DigitalXRAID Team are qualified to the best possible industry standards, and they're fully certified, accredited and security-checked.

Here are just a few of our employees' credentials:

- ✔ CREST Certified Tester
- ✔ Cyber Scheme Team Members
- ✔ CHECK Team Leader
- ✔ Offensive Security Certified Professional
- ✔ Cisco Certified Internetworking Expert (CCIE Security)
- ✔ Certified Information Systems Security Professional (CISSP)
- ✔ CREST Practitioner Security Analyst
- ✔ CREST Practitioner Intrusion Analyst
- ✔ ISO 27001 Lead Implementer & Lead Auditor
